MEET YOUR FLORISTS

We are a tiny team of two: Annie & Rosie.

The Flower Studio was founded in 2020 by Annie, then expanded into a wonderful partnership in 2021. We spent time exploring different aspects of the industry before falling in love with the creativity and magic of wedding & event floristry.

We are deeply passionate about transforming spaces into magical settings for your wedding day or special event - with our florals and venue dressing.

We firmly believe that flowers play a pivotal role in this transformative process as they can deliver a particular feeling, drive the theme of your special day and provide the most beautiful backdrop for your photographs that you'll look back on for the rest of your life!

Our studio is based in Ormiston, East Lothian and we cover all of Scotland as well as the north of England!

Our approach is rooted in connection, intention, and a deep respect for the craft whilst keeping up with current trends and exploring new methods & styles.

A photograph of a bride with long, wavy blonde hair, wearing a white lace wedding dress and a crown of white and peach flowers. She is smiling broadly. In the background, a bridesmaid in a sage green dress is partially visible.

FLEURS DE VILLES

KIND WORDS

Annie was such a delight to have with us for our wedding! I felt she delivered a very personal experience with mood boards and meetings to go over what sort of vision I had. She was very kind and helpful before the wedding and on the day. I didn't have much of a wedding party and didn't do much decor outside of table signs myself, so ceremony and reception decor and setup was pretty much all from their team and it looked beautiful and magical!

— Amanda & Sean

I honestly couldn't be happier with the service I received from The Flower Studio. From my first consultation Annie made me feel at ease and really listened to the vision I had for my wedding. When she sent over my mood board I knew she had completely understood what I wanted and I was so excited to see the final result. I was in complete awe of my florals on my wedding day and they were honestly better than I ever imagined. I wouldn't hesitate to recommend The Flower Studio for any event!

— Katy & Liam

WHAT CAN I EXPECT WITH MY BUDGET?

Invest in an Experience

£5,000 +

THE PROCESS

Based on a Saturday Wedding. . .

PAYMENT PLAN

£2,000 – £4,500

50% of the total collection price is required to reserve your wedding date. The remaining 50% is due 8 weeks prior to your wedding, after your final consultation.

£5,000 +

You will have two options:

Pay 50% of your invoice amount as our regular policy, or split up your payments into three separate installments –

first being due upon booking, then the next two on agreed dates.

FAQS

How far in advance should I book?

we recommend getting in touch with us to start your floral journey after you have booked your venue, somewhere around the 1 year mark! Although we do accept bookings right up until 3 months before the big day if we have your date available.

Do you require a deposit to secure my date?

yes, we'll take a 50% deposit of your invoice total to secure your wedding date with the balance being due 2 months before your wedding.

Do you travel?

we cover all of mainland Scotland and the north of England, as far as Newcastle!

Do you handle the transition of florals from ceremony – wedding breakfast?

if this is something you'd like for us to handle, it can be added into your labour charge! Pricing depends on location, time in between and difficulty/ease of change over.

Can I use your services if I don't hit the minimum spend (eg, civil ceremonies, elopements)?

our bespoke wedding service requires you to hit the minimum spend of £2,000 - however you can use our Pick & Mix shop and order individual items for collection the day before your wedding!
